

Community Hall addition opened

That \$42,000 addition to the Harcourt Community Hall was officially opened on Saturday night, December 7 when a large crowd gathered for the official opening ceremonies of this Centennial project.

The ribbon cutting ceremony was performed by Russell Schickler and Ada Pacey both of Harcourt, Ontario who were introduced by the chairman for the evening Murray Scott.

Fund Raising chairman Grenville Martin received cheques from Myla Bell representing the ladies committee and Nancy O'Neil representing the recreation Committee.

Jim Dunsford received the official key to the building from Broadworth Construction as chairman of the Community Hall Board.

Chairman Murray Scott then called on Murray Fearrey, Warden of Haliburton County and Reeve elect of the Municipality of Dysart et al for his opening remarks. He was followed by deputy-reeve elect Lloyd Coneybeare, and councillor for ward 2 elect Gary McKnight.

Federal M.P. William Scott was in attendance and gave a short address to the gathering.

A lunch and refreshments followed with a dance

commencing at 9:00 p.m. to a packed hall followed by a tremendous dinner enjoyed by all to end the evening.

This beautiful new addition is a Centennial Project and the community of Harcourt should be really proud of this achievement.

It took hard work on the part of children, teenagers and adults in the community to see this dream come true.

Former County Warden, Clayton Rogers dies

Haliburton County lost one of its oldest and most respected citizens on Friday, December 6 when Clayton Percival Rogers died at the Ross Memorial Hospital in Lindsay.

The late Mr Rogers who was in his 90th year was the beloved husband of Violet Harrison of Carnarvon.

The deceased rested at the Funeral Chapel of John Welch and Son Ltd., Minden until Monday, December 9 thence to the Zion United Church at Carnarvon where service was held at 2:00 p.m. Interment was at Zion Cemetery in Carnarvon.

The late Mr Rogers was always interested in community affairs and during his lifetime he played a very important part in the Municipal affairs here in Haliburton County.

Mr Rogers was Warden of Haliburton County for three different terms having served in this capacity in the years of 1930-1947 and 1955. He also served as reeve for the Township of Stanhope for eighteen years. He was reeve there from 1938 to 1947 and from 1950 to 1957.

Up until the time of his death he was the oldest living Warden as to the year of holding that office in 1930. Always a dedicated church worker he was a member of the Zion United Church at Carnarvon.

While a patient at the Red Cross Hospital in Haliburton before his death Ron Curry of Haliburton taped a conversation with him in which Mr Rogers recalled the building of the Highway into Haliburton County in the early 1930's and of the coming of the telephone into the County which was a much needed facility which brought with it prosperity for one and all. He likes to recall that the Highlands of Haliburton was the finest holiday area in Ontario.

The late Mr Rogers was a contributor to the Haliburton County Echo and his column Under the title of Uncle Dudley was very popular.

Haliburton County has lost a great booster and friend.

Clayton P. Rogers

OHC will conduct survey on housing needs in Dysart

The Ontario Housing Corporation will conduct a survey to determine the need and demand for family and senior citizen housing in the Municipality of Dysart et al.

A research analyst from OHC, the Ontario Government's housing agency, will estimate the number of families and senior citizens living or working in the Community whose housing is inadequate or beyond their financial capabilities.

The demand in the area for housing on a rent-geared-to-income basis will be determined from information gathered through advertising, direct mail questionnaires and interviews.

The study, which begins shortly, was requested by the Dysart Municipal Council.

It will include an assessment of economic trends, growth factors and current and future housing needs in the municipality.

Residents and employees will receive letters outlining the government's rental housing program and asking them if they wish to participate.

Some interested persons may not be reached by direct mail. OHC urges them to obtain a questionnaire from the municipal offices.

If the survey shows a need for family housing, it will likely be two-storey of semi-detached or row design. The size of the units varies with community needs, but they can have as many as four or five bedrooms. If the survey shows a need for senior citizen housing, it will likely be an apartment building, although consideration is given to one-storey units which do not require stairways. Apartments have a living room, bedroom, bathroom and kitchen. Rent is related to total income and includes heat, hot and cold water, stove and refrigerator. The lowest rent is \$28 a month.

After considering the survey report, Council can initiate the program it outlines by adopting a resolution requesting OHC to go ahead. OHC borrows 90 per cent of the capital cost of a project from Central Mortgage and Housing Corporation and 10 per cent from the Provincial Treasurer. The Corporation pay both back with interest.

Housing on a rent-geared-to-income basis is part of OHC's Home Ownership Made Easy (H.O.M.E.) program. Those receiving questionnaires are asked to return them as soon as possible to assist the survey team.

Second election planned

When the required number of nominations were not received for the Municipal Election held in the Township of Snowdon on December 2 for the position of Councillor it means that another election must be held on Monday December 23. The advance poll for this election will be held on Saturday, December 14.

Six candidates are in the running for the two seats left vacant on council.

The following are the men running for these positions.
Walter Brown
Jim Congdon
Gerald Hicks
Otto Homestead
Donald Smedmor
Robbie Spencer.

Ski-doo stolen in break-in

Break, enter and theft Sir Sams Inn Chalet, Eagle Lake. Between December 1 to 4, 1974 the chalet at Sir Sams Inn ski hill was broken into.

One 1974 Elan Ski-doo, 11 pairs of ski boots, one pair of skis and three pairs of ski bindings were stolen.

The total value of the theft is \$2487.50. Prov. Const. W.A.R. Buchanan is investigating.

Tourist council will retain identity

By Larry Perrott

Following more than one year of negotiations with the Ontario Government, an agreement has been reached between the Central Ontario group of Tourist Councils and the Ontario Ministry of Industry and Tourism.

Under the agreement, individual Tourist Councils such as the Haliburton Highlands (Chamber of Commerce) will retain their identity and at the same time earn better promotional support from the government. In return the Central Ontario group - namely Haliburton Highlands, Kawartha Lakes, Great Pine Ridge, Bay of Quinte, Highlands of Hastings, Land O'Lakes and Lake Simcoe will speed up their joint promotional activities. The Councils will co-operate on administration.

President George Hardy of the Haliburton Highlands Chamber of Commerce, emphasizes that this accelerated co-operation will help the whole Region. For instance, more and better promotional material will be produced and distributed. He stresses that under the new Tourist scheme, the success of an individual area will now depend largely upon the amount of money raised by our local Chamber

of Commerce through County and Municipal Grants and by individual memberships. The Government will tie its financial help to the amount raised in the Regions. He wishes to emphasize that the monies raised in a given

Region will be spent solely for the benefit of that Region.

For the purpose of administration, the Central Ontario Travel Association will be divided into three

zones:-

South (1) Great Pine Ridge, Bay of Quinte and Lake Simcoe.
North (2) Kawartha Lakes and Haliburton Highlands.
East (3) Highlands of

Hastings and Land O'Lakes.

The Haliburton Highlands Chamber of Commerce would like to take this opportunity to thank area members of the Ontario Government, County and

Municipal officials and our own Chamber members for their support which helped to make this new scheme possible. Your interest and assistance now and in the future is very much appreciated.

Hockey action underway in Wilberforce

Minor hockey has started for another season in Wilberforce.

On December 3 the Wilberforce Midgets played Minden Midgets in Wilberforce with a score of 6-2 for Wilberforce.

December 6 - Wilberforce

Bantams played Haliburton in Wilberforce with a score of 7-1 for Wilberforce.

December 7 - Wilberforce Bantams played Haliburton in Haliburton with a score of 6-1 for Wilberforce.

December 2nd - Wilberforce Pee Wees played

Haliburton in Haliburton with a score of 5-3 for Haliburton.

December 6 - Wilberforce Pee Wees played Minden in Wilberforce with a score of 4-1 for Wilberforce.

December 8 - Wilberforce Pee Wees played Minden in Minden with a score of 5-0 for Wilberforce.

December 7 - Wilberforce Atoms played Haliburton in Haliburton with a score of 6-5 for Wilberforce.

December 7 - Wilberforce Novice played Haliburton in Wilberforce with a tie game of 7-7.

Wilberforce is looking forward to a season of good hockey and good sportsmanship.

A local hockey association has been formed. There is a

good group of people on this Association and we are sure that this will be of value to all our hockey teams. Our "ways and means" people are Ron Semple and Bonnie Coumbs who must be commended for all the money that has been raised

for our hockey teams. Mention must also be made of the people who supported and helped with all the fund raising projects.

We urge all parents to come out and support our hockey teams.

Huskies in first place

The Haliburton Travelways Huskies moved into first place in the Central Ontario Junior "D" league with two weekend wins.

On Friday night the Huskies defeated the Bobcaygeon Ti-Cats in Bobcaygeon by a close 4-3 score.

Bobcaygeon's, Dave Fawcett opened the scoring at the 32-second mark while Tim Curry and Rick Wood each scored late in the first period.

Both teams scored once in the second period - George Brown for Bobcaygeon and Tim Bain for the Huskies.

Bobcaygeon tied the score in the third period on a goal by Tom Lenehan.

Bev Hicks then got the winner at 12:55 on an assist from Wade McGinnus.

On Saturday night the Huskies got off to a fast start as Floyd Henry, John Wilson and Rick Woods each scored within 2:18 to take a 3-0 lead over the visiting Bancroft Jets.

Dana Neuman scored the lone Bancroft goal late in the first period.

Neither team scored in the second period and in the third Floyd Henry and Roer Bain scored for the Huskies for the 5-1 win. Roger Bain also picked up three assists in the game.

This Saturday night the Huskies will host the Lakefield team and on Sunday will travel to Little Britain.

Xmas edition

The Annual Christmas edition of the Haliburton County Echo will be published on Thursday, December 19th. If you have not already picked out your Christmas Greeting ad for this edition do so right away as we must meet a deadline.

If you are interested in a greeting ad please drop into our office on Highland Street in Haliburton or get in touch with Creighton Feir right away.

Rev. John Smith of the Lakeside Baptist Church in Haliburton was the guest speaker at the weekly meeting of the Rotary Club of Haliburton held at the United Church last Thursday night. Rev. Smith gave a very interesting talk and showed slides on his recent trip to the Holy Land. He told of the trip made with several other ministers and the wonderful experience they had and some of the problems they faced on this tour.

Skiroule adds variety to quality

Within a few years after its founding in 1967, Skiroule Ltd was rated amongst the leading snowmobile manufacturers in North America. Production facilities were quickly expanded and annual production reached a peak of 40,000 units, providing sport and recreation to the great family of snowmobilers in Canada.

Having been owned by The Coleman Corporation (U.S.A.) for a little more than three years, Skiroule found itself more or less on the trading block last fall. Involved in a transaction said to be in the better interest of Coleman, Skiroule nonetheless became the object of wild speculation. Whithering the storm of rumors, Skiroule kept its position on the market: a good reputation, quality products and a dealer network of responsible businessmen have brought Skiroule on the threshold of renewed vitality and progress.

Acquired by industrialist

Herbert M. Karol in August 1974, Skiroule is now integrated in a network of manufacturing firms producing a large variety of products: aside from snowmobiles and accessories, the group manufacturers precision instrumentation as well as commercial and industrial products, dealing in North America, India, England and the Federal Republic of Germany.

Management will announce, in the next few days, the

first steps to be taken towards diversification in recreational, household and commercial products. It must be kept in mind that the Skiroule corner stone remains snowmobiles and accessories; they are the mainstay of a solid reputation. The management, the personnel and dealers are, without exception, determined to remain within the select group of leaders of this substantial industry in North America.

Wilberforce edges Haliburton

Wilberforce edged Haliburton 6-5 in atom house league hockey action last week.

David Jackson, assisted by John Teljeur, scored twice in the first period, to put Haliburton ahead 2-0.

Wilberforce came back in the second period to outscore Haliburton 3-1 on goals by Brian Bell assisted by Glen Clarke, and two unassisted goals by Glen Hunter. Haliburton got an unassisted goal by John

Teljeur.

In the third period, Charles Sibley opened up the scoring to put Haliburton ahead 4-3. Wilberforce bounced back with three goals on passing plays by Glen Clarke and Sheila Barnes, and Jeff Hunter and Fred Agnew and an unassisted goal by Brian Bell.

John Teljeur scored his second of the day for Haliburton with less than one minute left in the game.

Gospel Church welcomes new pastor

The congregation of Minden Gospel Church welcomed its new pastor, Rev. Ronald Thornton, at its morning service on December 1.

Rev. Thornton comes to Minden from Toronto, where he ministered at the Bloem Ave. church of the United Brethren in Christ for two and one-half years.

Bennett will visit

President George Hardy of the Haliburton Highlands Chamber of Commerce, is pleased to announce that it has received confirmation from the Hon. Claude Bennett of his acceptance of an invitation to visit the Highlands on February 21 and February 22, 1975.

Details of his visit will be announced at a later date.

He is a graduate of Ontario Bible College, and assumes the leadership of the Minden congregation following the resignation/retirement of Rev. L.W. Schmitt, formerly of Haliburton, in April of this year.

Rev. Schmitt organized the congregation in 1956, when the building at the corner of Prince and St. Germaine Sts. was erected.

In 1971 the congregation bought and moved into the former Mennonite building on the North Road.

This Fall the Minden Pre-School Nursery has been granted the privilege of using the church basement for their classes.

Rev. Thornton and his wife Beverley have two sons: Mark, age six, and Allan, age two. We welcome this young family to our county and suggest that you visit the church some Sunday and make their

acquaintance.

A formal Induction Service, by the national officers of the Associated Gospel Churches, will be held in the near future.

School book sale

Almost 3000 paperbacks of over 1000 titles were put on sale in the library of the Haliburton Highlands Senior Elementary School for two evenings on December 3 and 4. Since these evenings were also open for Parent-Teacher interviews, this afforded the parents a chance to purchase books for themselves or as Christmas gifts for their children, friends and relatives.

Profits from this sale will be used to purchase more books for the school library.

haliburton Highlights

Haliburton is beginning to light up for the festive season and we were noticing that many of the houses look very attractive.

Speaking of Christmas, may we remind you once again that Santa Claus will be coming to Haliburton on Saturday, December 21 at 1:00 p.m. He will be at Steinberg's Parking lot on Highland Street to give out presents and treats. This will be followed by a free show at the Molou Theatre starting at 2:00 p.m. Its all being sponsored by the Rotary Club of Haliburton and the Haliburton Branch of the Royal Canadian Legion.

Phillip Finlay of Haliburton was the lucky winner of the Legion's monthly draw with ticket No. 233. This was the final draw of this series.

Santa Claus is a very busy man these days. This coming Saturday December 14 he will be at Stedmans in Haliburton at 9:30 a.m.

From all reports it looks like the Rotary Club of Haliburton has won the attendance contest held with the Minden Club during the month of November. Apparently the Haliburton Club had three - 100 percent meetings.

If you haven't been up town lately it's worth your while to make a trip and see the wonderful new addition to the library.

Patients at the Red Cross Hospital in Haliburton this week are as follows: Mr Leo Finchen, Haliburton Lake, Mrs Mazie Traviss, Gooderham, Mr Walter Cowen, Haliburton.

Mr and Mrs Walter Webb visited over the weekend in Guelph with Mr and Mrs Wm. Thain and Mr and Mrs Paul Thain.

1874
1974**haliburton**

COUNTY... where life is living - for everyone

News Letter

The Township of Snowdon will have its second municipal election this month due to the fact that not enough candidates for the position as councillors came forward for the election held on December 2. Two councillors will be elected in this forthcoming election. The Advance Poll has been set for Saturday, December 14 and the regular polls will be open on Monday, December 23rd. All polls will be open from 11:00 a.m. to 8:00 p.m.

Beginning to-night Thursday, December 12 the Haliburton County Board of Education evening physical course will get underway at the Archie Stouffer School in Minden from 8 to 10 pm. This course in fitness will be held every Thursday.

Giving is part of the Christmas spirit. That's why The Salvation Army gladly gives its time to make this holy season more meaningful to those in need. The homeless one -- the unwanted one -- the shut-ins -- the prisoner -- and yes, even the families of those incarcerated. Many others, too, are greatly helped because Salvationists everywhere sense the needs of the less fortunate in many communities, and do something about it.

Many are wondering if the municipal elections held on Monday, December 2 will be the last of this kind. If Regional Government comes into being local municipal elections as we have known them will be a thing of the past.

At time of writing we are without snow and many are wondering if we could be in for a white Christmas. The people who own snowmobiles are looking forward to the time when that white stuff begins to fall. It can't come too soon.

According to the Ontario Safety League, the cause of accidents involving bad weather conditions is the failure of the driver to adjust his driving to meet such conditions or to keep his vehicle in proper condition.

The Rotary Club of Haliburton is once again this year in the Christmas tree business. They have trees for sale at various locations in Haliburton and surrounding area. We note that people seem to be picking their trees up early this year, snow or no snow. Don't wait too long before purchasing your tree.

It was very discouraging to us to see such a small turnout of voters at most polls in the County of Haliburton during the recent municipal elections. If these people who sit at home with their feet up on the stove had their voting privileges cut off it would serve them right.

The Haliburton Highlands Majorettes are holding a Christmas Rummage and Bake Sale this Saturday, December 14 from 10 a.m. to 4 p.m. at the Haliburton Community Centre. So come on out and support the Majorettes by purchasing articles at this sale.

In a little over two weeks it will be Christmas. This is the month for shopping for that certain gift for that certain person. The stores throughout the County are getting busy and the big rush seems to be on.

Along the trails

By Roy Bates

The report last week of a new bill to control snowmobiles did not come as a great surprise. It is what the Select Committee recommended a year and a half ago and it follows, as was expected, the Ontario government's recent announcement of its intent to provide funding for snowmobile trail improvements.

This new bill will contain articles which we would be happier without, but it is designed to protect the public from snowmobilers - some snowmobilers - and to protect some snowmobilers from themselves. There is no denying that there is a need for such protection. At least, there was a very great need two years ago when the Select Committee was making its rounds.

I was directly responsible for the preparation of two briefs presented to the Committee at a meeting in Haliburton in January of 1973. My work on the Haliburton County Snowmobile Association's brief was begun in the previous July when we first learned of the Select Committee's undertaking. Every piece of information I could get my hands on was evaluated, researched for authenticity, and worked into the brief. That paper was written, revised, re-written and re-revised many times during that six months period. I was some relieved when the H.C.S.A. board of Directors made its final review of the work and approved it for presentation. The Donald Windigos' brief was prepared from the same research, was complimentary to the Association's brief, but written from the viewpoint of a smaller snowmobile club.

Both briefs called for a snowmobile operator's license for those who do not drive automobiles to be obtainable upon successful completion of an operating test by persons over the full age of twelve years. We recommended the wearing of helmets, and that snowmobiles be phased off highways as adequate trails become available. The bill now before the legislature asks for these things. For better identification, we proposed that registration numbers be displayed on both sides of the machine and retained for the life of the snowmobile. The new bill seems to concur. We suggested speed limits on roads, where road use is permitted, with reduced speed in built up areas. It's in the bill.

We also recommended, in our briefs, that the government provide funding through snowmobile clubs for trail development, maintenance and grooming. This year's pilot project will spend one million dollars. A very good start. But the success of the project, or its continuance, will depend on the ability of snowmobile clubs for trail development, maintenance and grooming. This year's pilot project will spend one million dollars. A very good start. But the success of the project will

We also recommended, in our briefs, that the government provide funding through snowmobile clubs for trail development, maintenance and grooming. This year's pilot project will spend one million dollars. A very good start. But the success of the project, or its continuance, will depend on the ability of snowmobile clubs to use the money wisely. They need your full support and the strength of a healthy membership. Choose the progressive club in your area and JOIN IT NOW.

At the end of this column find a handy application form for joining the H.C.S.A.

Don't forget the open meeting in the Minden municipal building Tuesday, December 17 at 8 p.m. Carl Cowden of Snoplan is to be there, Ron Melson, Vice President O.F.S.C., Bev Jobbins, O.F.S.C. Director, and Susan Brower, Snow erams Co-ordinator are invited. Carl, Ron, and Bev were with me in Quebec last March. Along with Ron's slide show I am sure the four of us can give a pretty clear picture of what snowmobiling SHOULD be like in Ontario.

RESTRUCTURING AND ANNEXATIONS

Recorded in minutes of the County Council meeting December 8, 1874:

"Moved by Mr. Harding, seconded by Mr. Langton:

That this Council highly approves of the favourable settlement made by Mr. Peck between the County of Peterborough and this County, and also the County of Victoria."

By-law No. 16 confirmed the settlement made by the joint committees on behalf of the County of Peterborough and the Provisional County of Haliburton with regard to the separation of townships from the County of Peterborough for an agreed amount of \$1,352.00 payable in debentures.

By-law No. 15, dated December 9th, 1874, reads:

"Whereas, by Section twenty-seven of the Municipal Institutions Act, it is imperative on the Council of any County to annex Townships laid out by the Crown to some existing Township Corporation, and whereas the Townships of Sherborne, Havelock, Eyre and Clyde have been laid out by the Crown; Therefore be it enacted by the Municipal Corporation of the Provisional County of Haliburton, and it is hereby enacted by the authorization of the same: 1st. That the Township of Sherborne be and is hereby annexed to the Township of Stanhope, and shall be known as the United Townships of Stanhope and Sherborne.

2nd. That the Townships of Havelock, Eyre, and Clyde be and are hereby annexed to the Municipality of Dysart, and that the said Municipality shall be known as the united Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre, and Clyde.

3rd. That this By-law shall come into force and take effect from and after the first day of January next.

S.S. Peck, County Clerk. A. Niven, Warden."

Sherborne and Stanhope were separated in 1899. Lutterworth was separated from the United Townships of Lutterworth, Anson and Hindon in 1880. Anson, Hindon and Minden were united in 1945. From the United Townships of Glamorgan, Cardiff and Monmouth, Cardiff separated in 1880, and Glamorgan and Monmouth in 1881.

Editorials

Haliburton a hockey town

From the Highland Rotooter

Since the beginning of this century, Haliburton has always been involved in hockey. Back in the early 1900's this town had a rink and was involved in the national game. You will see pictures at our museum. We even had women's teams back at that time. In the 1920's there were probably more senior teams playing at Haliburton than at any time since; Black Hawks, Road Hogs, Millionaires, Flying Eagles etc., plus the Huskies. The name Huskies has been associated for the most part with the major team. The 1940's brought the war years and hockey was a little slow, but Haliburton still managed to ice a team that was respected by the best in the area. In the early 1950's the Haliburton Huskies probably did more to advertise the town and country than all of the other promotions put together. All of our hockey teams continue to do this today.

I could go on and on about the all night tournaments that would have a special train leaving often at daylight in the morning. The special trains and buses that we had leaving town following our Huskies and cheering them on in such places as Lindsay, Oshawa, Stouffville, Sutton, Hespler, Waterloo, Exeter, Belmont, Madoc, etc. etc.

The point I am trying to make is this. We have more children in our hockey system today than we have ever had. **ARE YOU DOING YOUR PART TO HELP?** Think about it; with all the kids we have playing hockey today, fewer and fewer people are willing to help -- even to coming out and supporting them at rinkside.

Police need co-operation

At a recent meeting of the Rotary Club of Haliburton the members heard a very interesting and informative talk by one of its members Wim Magee who is community service officer for the Minden Detachment of the Ontario Provincial Police.

He spoke on the subject of the history of the OPP and stressed the fact that the public must co-operate with the police if they expect certain arrests to be made. Following this talk everyone present had the feeling that it is time that we co-operated more with the O.P.P.

In gathering information this week we were surprised to learn that different things happen that people know about and they are never reported to the OPP. For instance some break-ins occur in the County and we learn that they are never reported.

In the case of the two flags that were taken recently from the Cenotaph in Haliburton several people knew about it, but the case was never reported to the proper authorities. How can the men of the OPP solve these cases if they are never reported to them.

Just to point out here what can be done we look at the situation at the Speed Wash at Haliburton. A local citizen noted that the Speed Wash had been broken into and reported it to the police. As a result of this investigation 27 offences were cleared.

The Ontario Provincial Police are here to keep law and order but they can't do it all by themselves. They must have your co-operation. It's your duty as a citizen to co-operate whenever you can.

Photo by Jon Penner

Letter to the editor

Dear Sir:

Is it really all that amazing that, of the seven Local Initiatives Program projects that were allocated to the Victoria-Haliburton county area, not one was slated for the Haliburton and Minden area? There are probably a couple of sound reasons why such a small amount, \$107,554. was granted for the Victoria-Haliburton area, employing a diminutive number of people, 39 to be exact.

People will often do things when their backs are against the wall, like the student who will begin to study when he or she realizes they may fail their year if they don't get into the books, or the employee who will start producing when they are faced with being fired or laid-off.

This same idea applies to governments as well. The Progressive Conservative government in Ontario has been in power in Ontario for over two uninterrupted decades now, and there has been, without question, stagnation setting in for sometime. Not blaming the present government under the leadership of William P. Davis for this obvious situation, but it is understandable that when a person, or in this case a government, becomes content, it also becomes lazy and fat!

Ask the Progressive Conservative Association at Queen's Park if they are worried about not carrying this area in the coming election next year in Ontario and you will get a negative reply. Why? Because they consider this area as a shoe in! It has been in the P.C. camp for so long that all they have to do to win an election is to show up. So why should they do anything up here to assist the area?

Now I don't believe in giving handouts in the way that these L.I.P. grants do. They are next to useless. The benefits are short lived, (winter months only), and they generally benefit very few (39 people in this case). What happens next summer when these projects are finished? The residents of the area go about

their daily lives, and little or nothing has changed for the majority. We are left with facing inflation, a low income level for the average person, and continuing unemployment.

Has anyone heard from the local M.P.P. lately? Or is he another one of those fat cats down there at Queens Park?

The history of the Hodgson clan

When I arrived at the home of Thomas Hodgson last July there were close to 100 members of the Hodgson clan milling about the homestead farmhouse. The occasion of the clan get together was a reunion presided over by Charles Hodgson who incidentally celebrated his 80th birthday that weekend.

After my arrival at the Hodgson farm which is located at the west end of the community of Burnt River I immediately sought out Mr. and Mrs. Robert Sutton of Lindsay, for it was they who advised me of the Hodgson get together. Mrs Sutton was the former Marjory Hodgson, daughter of Mr and Mrs William John Hodgson.

Another member of the clan who I recognized was Glen Hodgson, the provincial member of the Legislature for Victoria-Haliburton, a son of Mr and Mrs Clayton Hodgson. That particular moment gave me the opportunity to meet his brother Louis who was the former member of the provincial legislature for Scarborough East.

I also met the owner of the farm and host on this occasion, Thomas Hodgson and his wife, Dorothy. Mrs. Hodgson allowed me access to almost all the information contained in this article.

I was happy to meet my prime informant for the Dec. 1972, article on Burnt River, Mr Isaiah Reeds. To the above and to those others who I met, thanks for an informative

and enjoyable sojourn with the members of the Hodgson clan.

HOW DID IT START

The Canadian sojourn of the Hodgson family began somewhere around 1847 when Joseph Hodgson his wife Elizabeth and their seven sons, John, Christopher, Thomas, Joseph, Simon, Watson and William emigrated to Canada by boat.

After a trip in which the family must have endured some privation if one takes into consideration material written concerning other boat crossings, the family arrived in Canada ultimately to settle in Darlington Township, Durham County.

Now our attention turns to Christopher and his wife the former Mary Yeates. They had 12 children, six boys and six girls John, Joseph, Mary Jane, Francis Adelaide, Amelia, Lydia Yeates, Anne Marie, Sarah Victoria, Christopher, Ester Watson and Thomas.

Christopher Sr. died in 1872 and his widow married a Mr. Powell. In her book "Roses and Thorns" Miss Suggitt tells us that Amelia Hodgson married George Thorne and on his death returned to Canada from the United States where she married Ralph Reed. Ester married John Swanton, and John Yeates Hodgson the progenitor of the Burn River and Haliburton Hodgsons married Isabella West.

JOHN'S FAMILY

The family of John Yeates Hodgson suffered the fate of so many families of the

19th Century, the loss of children who were quite young. Nine children survived with one of them, Clayton, earning his niche in the annals of parliamentary history. Other members of the clan who survived the Grim Reaper were Watson, Margaret, Mary, William, Joseph, Christopher, Thomas and Charlie.

Watson who served for many years in the west as a railway conductor married Ruth Grigg, they had four children. Margaret married John Windrum, they had three children. Mary married William Chalmers, they had three children.

William married Rosamond Brisbon, they had two children one of whom was Mrs Robert Sutton. William was also a railway conductor. Joseph married Mabel Woods, they had three children. Christopher married Edith Howie, they had seven children.

Charlie married Grace Woodcock, they had seven children. Clayton married Phyllis Dart, they had six children and Thomas married Cora May Gardiner, they had five children.

CHARLES HODGSON

Charles Hodgson took over the Burnt River farm from his father in 1919. He retained the farm until 1959 when the property was taken over by the present owner and eldest son Thomas. Mr. Hodgson who is a former reeve of Somerville Township was the Warden of Victoria County in 1961.

The present farm which is some 90 acres in size—was formerly a 120-acre farm but church and Orange Lodge land donations reduced the acreage of the farm.

A LONG TIME MP

From observations and reading articles written about Clayton Hodgson it would appear that as long as a Tory Hodgson ran, the Liberals in the Victoria-Haliburton riding would just have to grit their teeth and hope for a better day.

It is not every family that can boast of a long time MP, 1945 to 1963, so that one can well understand if the clan speak with pride of the achievements of uncle Clayt.

POLITICALLY

In 1945 the riding was represented by the Liberal member in the person of Bruce McNevin who according to an informant of a number of months ago, seemed to take victory almost for granted. Mr. Hodgson

took the riding by an 800 vote majority, the majority increased in subsequent elections until by 1958 it stood at 11,052.

According to Mrs. Nila Reynolds, who write a series of articles about Mr. Hodgson the time spent as a member of the opposition was put to good use so that by 1958 Mr Hodgson was appointed Parliamentary Secretary to the Minister of Public Works Howard Green in the government of John Diefenbaker, who had come to power in the general election of 1957.

In 1959 Mr. Hodgson was named Parliamentary Secretary to the Minister of Transport George Hees. Mrs. Reynolds wrote that one of Mr Hodgson's concerns were the contracts for the Lindsay Branch of the Canadian Arsenals. "At times the results were discouraging" wrote Mrs Reynolds. As a member of the office staff of the Canadian Arsenals I can readily, along with the other employees, mirror those sentiments as expressed by Mrs Reynolds. After 18 years as Federal Member of Parliament Mr Hodgson retired in 1963.

LUMBERING

As we have seen in past articles lumbering was the prime industry for many years in the County of Haliburton. Clayton Hodgson was a part of the lumbering fraternity. He was for most of his lumbering years an active member of the Lumbermen's Safety Association, serving as president of that organization in 1954.

THE SPORT OF KINGS

As evidence of his interest in horses, Mr Hodgson was for many years a member of the Ontario Harness Racing Commission. He himself raced horses and bred horses. A prime winner of the maroon silks was Lou Jean who took 21 out of 23 starts in her first year.

IN CONCLUSION

As stated in the opening paragraphs I saw and had a conversation with Glen and Louis Hodgson, I also for the first time met Mrs Clayton Hodgson. I never met Clayton Hodgson though one can remember his campaigning at the front gate of the Arsenal.

Douglas Hodgson was not present but I do recall receiving a warm welcome at his home during a writing of the Haliburton article back in 1972. The Hodgsons have been and still are quite a family.

Land transfer tax exemptions granted to six foreign firms

Today, the Minister of Revenue, Arthur Meen, has released the amount of tax which were forgiven through exemptions to the land transfer tax act granted to six non-resident firms currently operating in Canada. These firms would have met exemption criteria set out in amendments to the act which were presented to the legislature on November 8, 1974.

In general, the plants which have been operating in Canada prior to April 9, 1974, are expanding present facilities, or are creating new facilities, to manufacture products previously imported by Ontario. In all cases, new jobs will be created for Ontario residents.

The recent exemptions are listed as follows:

COMPANY	AMOUNT OF EXEMPTED TAX
Austin Lumber (Dalton) Limited	\$3,930
A new manufacturing plant for mobile homes will be constructed at Perth.	
Ciba-Geigy Canada Limited	\$29,206
A new research plant will be constructed near Woodstock with eventual production to replace \$9,000,000 worth of imports.	
General Foods Ltd.	\$14,265
A new manufacturing plant, warehouse and office are to be built at Brockville.	
H.D. Lee of Canada Ltd.	\$27,265
This clothing manufacturer will construct an additional plant at North Bay.	
Johnson and Johnson Ltd.	\$96,426
The company will be constructing a new plant in	

Guelph for the manufacture of goods currently imported. **S.A. Armstrong Ltd.** \$8,176 Property in Belleville has been acquired on which to construct a new manufacturing plant for castings for heat exchangers and heating and cooling equipment. Some import replacement is expected and considerable export production is anticipated.

Snowarama is planned for February 2, 1975

Plans are shaping up for Whipper Watson's Snowarama to be held at Haliburton on Sunday, February 2, 1975. A meeting was held last week between the Snowarama's co-ordinator, Susan Brower, the local snowmobile clubs and the Rotary Club of Haliburton.

This 100-mile Rally will be a big event for Haliburton and area and the big winners will be the crippled children of Ontario who will be

receiving the money made from this rally.

This is a co-operative effort to raise money for Ontario's Crippled Children and it deserves the support of everyone.

We will be supplying you with more information re this rally as the weeks go on but for the present time for further information contact your local Snowmobile Club or your Easter Seal Service Club.

Benefit dance planned

The Rotary Club of Haliburton and the Royal Canadian Legion Branch 129 are joining forces to sponsor a Christmas Benefit Dance for Miles Roberts of Haliburton who was seriously injured in a car accident a few months ago.

He has been in the Toronto General Hospital for several weeks now and just recently was transferred to the new Lyndhurst Hospital in Toronto.

Miles, who is the son of Mr and Mrs Les Roberts of Haliburton, is paralyzed from the shoulders down due to this untimely

accident.

The Benefit Dance will be held at the Royal Canadian Legion in Haliburton on Saturday night, December 21. For your dancing pleasure two local bands will be on the bandstand and there will be lunch and refreshments.

Advance tickets are available and donations will be received at Ricard Real Estate and Varty's Jewellery in Haliburton. Donations will be gladly accepted.

Keep this date in mind and come out to this Christmas Benefit Dance and support this worthy cause.

Bantam tourney scheduled

This is the weekend for the Bantam hockey tournament which will be held at the Haliburton Arena. It is sponsored by the Haliburton Minor Hockey Association.

The big hockey event gets underway this Friday night December 13 starting at 7:30 p.m. and going on until 10:00 p.m. and will continue on Saturday from 9:00 a.m. to 6:00 p.m.

The champions of the tournament will receive the Clayton W. Hodgson Memorial Trophy and the Consolation winners the Glen Hodgson Trophy.

The following teams are expected to participate in this event: Bancroft, Beaverton, Haliburton, Lindsay Ops, Minden, Oakwood, Sunderland and Toronto-Thornhill.

The opening game of the tourney on Friday night at 7:30 p.m. will have Haliburton meeting their old rival from Minden.

If you are a hockey fan here is your opportunity to see bantam hockey at its best, so why not be in attendance at this outstanding tournament and support the hockey players of the future.

Snowmobile trails established

On November 7th, the Provincial Secretary for Resources Development, Honourable Allan Grossman, announced to the Ontario Legislature that the Province will establish an extensive network of recreational trails to provide increased recreational opportunities for snowmobilers, cross-country skiers, horseback riders, hikers and trail bike riders.

The Ministry of Natural Resources has been delegated the responsibility of implementing this program.

Effective this winter, this Ministry will offer financial assistance to incorporated snowmobile clubs, municipalities and conservation authorities for the maintenance and operation of existing snowmobile trails.

Any organization in this District (Counties Durham, Northumberland, part Victoria & Peterborough) interested in further details of this new assistance plan, please contact the Parks Supervisor at Lindsay as soon as possible (phone 705-324-6121).

Minden OPP report

The Minden Detachment of the Ontario Provincial report that during the period of December 2 to December 9 there were 42 general occurrences and 12 collisions.

Mabel E. Bacon of R.R. 1, Haliburton age 47 has been charged with impaired driving, driving with blood alcohol over 80 mgs and failing to remain at the scene of a collision.

On Tuesday December 3 according to the OPP she was driving southbound in the southbound lane at 1:50 p.m. on Highway 35 north of Minden and when she attempted to pass a southbound vehicle her vehicle struck guide posts on the east shoulder. The vehicle was apprehended

two miles north of the collision scene.

Damage to the vehicle was estimated at \$900.00 and to the guide posts \$100.00.

An accident occurred on Highland Street in Haliburton on Thursday, December 5 at 2:40 p.m. when a vehicle driven by Margaret J. Terry of 43 Winthorpe Rd Toronto was turning left from a parked position.

A vehicle driven by George Keefer of Haliburton was northbound on Highland Street. The Terry vehicle collided with the right side of the Keefer vehicle.

Damage was estimated at \$200.00 to the Terry vehicle and \$300.00 to the Keefer vehicle.

SANTA

IS COMING TO HALIBURTON
SATURDAY, DEC. 21

Santa is expected to arrive around 1:00 p.m. at the Christmas tree in front of Steinberg's parking lot to distribute gifts and treats to children of all ages.
For all the children a Walt Disney Movie will be presented at the theatre starting at 2:00 p.m.

ROYAL CANADIAN LEGION - HALIBURTON

At Sir Sandford Fleming

Enrollment increases by 12 percent

Sir Sandford Fleming College has reported an increase of nearly 12 percent in registrations for summer and fall courses offered by the Haliburton School of Fine Arts in Haliburton Village.

School co-ordinator Donald Popple said a total of 493 registrations were received for this year's program, including 415 summer and 78 fall students.

The summer program involved a total of 16 adult and six children's and teen courses, including ceramics, driftwood sculpture, lands-

cape painting, writing, photography, enamelling on metal, jewellery arts, life drawing, creative stitchery, rug hooking, weaving and sculpture.

Mr. Popple noted that the fall workshops proved extremely popular this year, and that most had waiting lists for the first time.

He said the success of the school is directly linked to the quality of faculty attracted to the Haliburton operation and its principle of individualized instruction.

The majority of students

were from Toronto and Hamilton, although over 100 of the registrations for summer and fall classes were from the Haliburton and Minden region.

This is the seventh year of operation for the school,

which began with a group of interested Haliburton residents. At their request, it has been administered by the continuing education division of Sir Sandford Fleming College for the last six years.

Forestry staff checking on plantation survival

This is the time of year the Ministry of Natural Resources Forest Management Staff is busy determining the success of the ministry's nursery stock plantations. Most of the plantations are on small private land acreage.

Once the seedlings have been planted it is necessary to determine the percentage of survival and decide if the necessary stocking standards have been met.

These assessments are carried out the first, second and fifth year after planting.

The method used in the case of Woodland Improvement Agreement planting is by counting all the trees in every tenth row or walking diagonally across the rows and counting ten trees in each row. The percentage of the living trees as compared to the total trees counted determines the stocking standard. A survival of 70 percent after the five-year assessment is considered an adequately regenerated area. We have some 250 plantations to be surveyed this fall.

Changes in County Council

The 1974 municipal elections are now history and the candidates voted into office will be sitting in their positions for the next two years. Many new faces will be appearing on local municipal councils and many changes will be made at county council as some of the members who were defeated in the elections will be giving up their seats.

Reeve Reg Booth and Deputy-Reeve Doug Pritchard will be back for Anson, Hindon and Minden. Reeve Bob Vick will be back on County council with a new Deputy-Reeve in Ron Graham who replaces Gareth Kellett who was defeated in his bid for the position of reeve.

Reeve Gary Agnew and Deputy-Reeve Keith Tallman who both received acclamations in the recent election will be back for the

Township of Monmouth.

In Glamorgan Robert Fotheringham the Reeve who received an acclamation and Deputy-Reeve Norm Locke who won over Roy Breen will both be back on county council.

Lutterworth will be represented on county council by their new reeve Pat Conaghan while their deputy-reeve Lloyd Walker was acclaimed.

Reeve Sinc Nesbitt and Deputy Reeve Jim Harrison are both back at their old seats representing the Township of Stanhope.

Dysarts two seats on county council will be taken up by new Reeve Murray Fearrey and new Deputy-Reeve Lloyd Coneybeare.

Mac MacGillivray, Reeve and Mac Peters Deputy will be the members to county council from Cardiff.

Sherborne, McClintock and Livingstone will be represented by new Reeve Doug Russell and new Deputy-Reeve Fred Baum.

Bazaar held

During the evenings of December 3 and 4 a Bazaar was held at the Haliburton Highlands Senior Elementary School to raise money to help ensure the continuing success of the work being done at the Sheltered Workshop. Home baking, handicrafts and gift items were sold, all of which were donated.

The organizers of the bazaar would like to take this opportunity of thanking everyone who helped in any way. Through their efforts and generosity the bazaar was a great success.

It is sincerely hoped that this will become an annual event.

Hints for organizing the Christmas dinner

New homemakers facing their first Christmas preparations or even more experienced homemakers sometimes welcome suggestions for organizing the Christmas dinner so they can enjoy the day and not be completely exhausted.

Home Economist Dorothy Batcheller offers some familiar guidelines to help.

1. Write out the menu for all meals for Christmas day.

2. Write out the shopping lists early. Make one for the non-perishable staples which may be purchased when shopping well in advance of Christmas week. The second list will contain those items which are perishable and must be bought closer to the holiday.

3. List those things which may be prepared one to two days before Christmas, such

as perhaps the pudding sauce, mince pies, jellied salads, etc.

4. List jobs which can be done by you or members of the family in advance such as assembling the extra dishes, silver and linen to be used.

5. Start thawing turkey far enough ahead so it will be thoroughly thawed. Once thawed, the bird may be kept for up to two days in the refrigerator before roasting. Remove the freezer bag when turkey is thawed, rinse, dry and wrap loosely with waxed paper, plastic film or foil to keep it from drying out.

6. Christmas eve, assemble ingredients for the turkey stuffing but do not make and put it in bird until just before it goes into the oven. Dry ingredients need not be refrigerated.

7. Clean vegetables and get them ready for last minute preparation. Wash salad greens and store in refrigerator in a plastic bag. If celery

and carrot curls are on the menu, prepare them and store in a covered glass sealer or plastic bag. Moisture which clings to them will keep them

crisp.

8. Fill candy and nut dishes, cover and store out of reach of "nibblers".

Take precautions to avoid injury

St John Ambulance wants your Holiday season to be happy and safe. They advise you to take a few precautions that will avoid accidental injuries:

1. Be sure your Christmas Tree is standing in a pail of water to keep it from drying out.

2. Make sure your tree lights are in good condition with no frayed cords.

3. Keep your sidewalk and steps free from ice.

4. Make sure that presents for small children have no sharp edges.

5. Keep your tree a safe distance from a fireplace and be sure to use a screen to keep sparks from your floor and rugs.

6. Make sure you and your children ski, skate, snowshoe, toboggan, or snowmobile in safe designated areas.

7. Enjoy winter sports without being reckless.

8. Avoid painful frostbite by

wearing the proper protective clothing.

9. Teach children not to eat berries, leaves or flowers of Christmas plants such as Holly, Jerusalem Cherry, Mistletoe and Poinsettia. They can cause digestive upset, intestinal irritation and sometimes vomiting. Cattle have been killed by eating wild mistletoe.

10. Drive carefully when winter road conditions are icy or snow causes poor visibility.

Protection for landowners

By R Glen Hodgson, MPP

A recent decision by the Supreme Court of Canada, in a suit against Kerr-Addison Mines Limited, ruled that landowners who know snowmobilers are likely to trespass on their property have a duty to prevent any situation which may cause injury to the trespassers.

This decision was of great concern to me since it has serious implications for all property owners, especially in rural areas.

Your government believes strongly that a property owner should not be liable for injuries sustained by a trespasser unless those injuries were wilfully or maliciously caused.

Consequently, the Motorized Snow Vehicles Act was introduced last week to protect both farmers and landowners from any similar law suit.

The legislation requires that:

1. the operator of a snowmobile obtain written permission from the owner of private property before he enters that property;

2. upon request of the property owner the snowmobile operator will be required to identify himself and produce the written permission to cross the property;

3. where a complaint of trespass is made, the Crown will assume responsibility for investigation and prosecution;

4. a property owner will not be responsible for injuries sustained by any snowmobile operator (with or without written permission to be on the premises) provided of course the land owner does not maliciously plan to cause such injuries; and

5. any damages caused by a snowmobile will be the liability of both the operator and the owner.

In addition snowmobiles will not be allowed on any provincial highways. It is

our intention at Queen's Park to do our best to ensure the safety of their operators. Whether snowmobiles will be allowed on certain municipal roads will be up to the discretion of the local council. This government feels that people at the local level are much more aware as to what roads are relatively safe as far as traffic conditions are concerned. And, of course, there are parts of this province where during the winter months snowmobiles are the only sensible form of transportation.

It is expected that the Motorized Snow Vehicle Act will be in effect by the first of January.

In an effort to avoid situations such as trespassing, the government has established a trails council which represents the interests of farmers, outdoor sports groups, conservationists and recreational authorities.

A network of trails will be established -- some for cross-country skiers, others for snowmobilers and yet others for combined usage.

Those trails designated

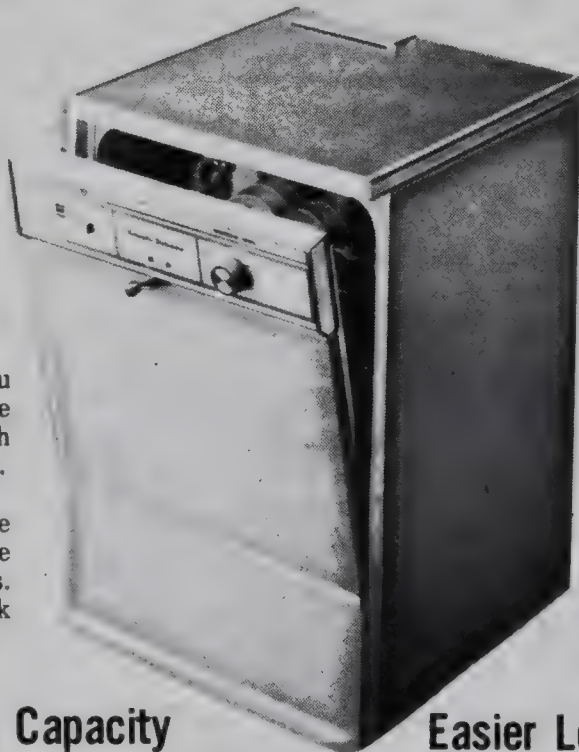

for snowmobilers will be mapped, identified and maintained by packing the snow with grooming machines. Once a complete inventory of these trails is completed, they will be assessed and -- if it is deemed necessary -- other trail routes will be established.

Snowmobiles are here to stay. There is little doubt about that.

It is the government's desire to ensure their safety and also to ensure the protection of landowners as well.

POOLE'S VARIETY-HALIBURTON

Natures Time Clock

By Al Armstrong
Fish & Wildlife Supervisor

The 24-hour system of determining time, an accepted way of regulating human schedules, means little to fish or to wildlife. For them a more natural, and in many ways, more constant, mechanism regulates their actions and their lives.

For some this so-called "Clock" may be the length of daylight, or the period of darkness and for others it is the water temperature. In the latter case, water temperature triggers the reproductive urge of many species of fish, most notable of which is the lake trout.

With the drop in water temperatures in the Fall there is a movement of parent lake trout stock to shallower water and the spawning areas. Dependant on the lake bottom, the spawning area may be on rocky reefs or shoals. In general terms, spawning takes place when the temperature of the water on the shoal is approximately 54°F. but minor variations occur.

Female trout are particularly vulnerable to poachers throughout the spawning period because of the weight of eggs (3-7000 in a five-pound female) and the shallow water where spawning takes place. It's not difficult to spear the fish in shallow water and one may ask if the poacher, when removing a 10 lb. female

prior to spawning, ever considers that, in all probability, he is removing 8 - 9000 eggs from the lake at the same time.

Lake trout are a slow growth species and commence to spawn at 5 - 6 years of age. Because they grow slowly and reach maturity at an advanced age it is not uncommon to find the occasional extra large specimen.

The largest trout ever caught was landed by a commercial fisherman in Lake Athabasca. It weighed

102 lbs. Other large specimens in the 60 lb. range have been taken in Western and Northwestern Canada but a lake trout exceeding 35 lbs. is virtually a rarity in Southern Ontario.

While nature's time clock through the medium of lowering water temperatures precipitates the reproductive cycle in lake trout, nature doesn't put all her eggs in one basket. If she did, how would mankind account for the fact that others in the same generic family spawn in the spring?

Manpower Statistics

The Canada Manpower Centre in Peterborough was responsible for 384 regular placements during the month of November 1974, as well as 69 casual (less than a full week) placements, reports Dick Kenzie, the Manager. This figure was up slightly from 375 in November 1973 and 370 in November 1972. Month's end saw 4028 clients registered with the CMC as being unemployed and seeking work. This figure included 204 students looking for part-time work, he continued.

Mobility grants were given to nine unemployed clients to allow them to explore job opportunities in Stratford, Guelph, Toronto, Cobourg and Sarnia, and six family units were relocated with assistance under the Canada Manpower Mobility

Program during the month. The CMC put its new Job Information Centre into operation in November and interested citizens are invited to visit this new concept in delivering Manpower services, Mr Kenzie concluded.

THE EXPROPRIATIONS ACT

NOTICE

OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON

IN THE MATTER of an application by the Corporation of the Provisional County of Haliburton for approval to expropriate lands in the Township of Harcourt.
FOR THE PURPOSE OF the reconstruction of the Elephant Lake Road (County Road #10).

Notice is hereby given that application has been made for approval to expropriate the land described in the schedule hereto. Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;
(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice. The approving Authority is
The Corporation of the Provisional County of Haliburton, Minden, Ontario.

The Corporation of the Provisional County of Haliburton
D. Jack Cox, County Engineer

NOTES

- The Expropriations Act provides that,
 - where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;
 - the inquiry officer,
 - shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
 - may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.
- "owner" and "registered owner" are defined in the Act as follows: "owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;
"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the property registry, land titles or sherriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;
- The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the following lands:

- In the Township of Harcourt, in the Provisional County of Haliburton, in the Province of Ontario, being,
 - Parts of Lot 22, Concession 6, designated as PARTS 2, 3 and 5, on the Corporation of the Provisional County of Haliburton plan, deposited in the Registry Office for the Registry Division of Haliburton (No. 19) as Plan 19R-495.

This notice first published on the 28th day of November, 1974.

Early History of the Fur Trade

Since the establishment of the fur trade companies such as the Hudson Bay Co. and the Great Northwest Co. occurred in what is now known as Northern Ontario, the Lindsay Forest is not prominently mentioned in company's records.

This was not due to the absence of fur, most of the common furbearers of to-day were present then, but this area in those days were remote from the main fur trading routes.

The early days of the fur trade is essentially a history of the trade in beaver and the area in which this fur trade developed and flourished was the shield portion of the northern half of the continent. Therefore the trade followed the waterways that skirted the southern edge of this formation from the St. Lawrence to the MacKenzie River basin and eventually to the Pacific Drainage basin. The Lindsay District was a little too far south of the Ottawa River segment of this trade route to be considered of importance.

There is some record of fur activity in the annals of this District. The first white man to take up permanent residence in Peterborough County was a fur trader, Herkimer (or Herximere) who in 1790 followed Peter Smith in the trade at Smith Creek (now Port Hope) and three years later moved northwards to the shore of Rice Lake. Herkimer's establishment was located

on the north shore of the lake at the mouth of the Otonabee River near the present Indian village of Hiawatha. It is recorded that in later years Herkimer was succeeded in the trade by a Major Charles Anderson. There were several routes by which the Indians travelled northward and westward in the District.

Since early life centred about Smith Creek (Port Hope) it was logical that the Jesuit missionaries first established a minor trading post at this location in 1778. Another source confirms this by stating, "Along the north shore of Lake Ontario there were traders between 1770 and 1778 at the mouth of the Ganaraska River at Port Hope. Sometimes one would winter at the Mississauga village on the shores of Rice Lake". The fur traders were almost all of English and French stock, but the trappers were invariably Indians according to records. By the late 1870's this had changed however

when most of the trappers were whitemen though quite a number of Indians still continued their ancestral pursuits.

Early settlers or sons of settlers often supplemented their income from the farm with money obtained from trapping. Beaver was the most sought after pelt in the early days, but otter, bear, wolf, muskrat, mink and fox were also trapped. Certain sections of the County were especially rich in furs and these were often claimed by Indian Chiefs or principal men as traditional trapping grounds, even after the land had been surrendered to the government. At that time the village of Haliburton had two great fur sales, around 24th of May and about 5th of November. On these days trappers would come to the village from hundreds of miles around to meet fur-buyers from New York, Boston, Toronto, Quebec

MAPLE STREET HALIBURTON

Early History of the Fur Trade

and other centres. No doubt some furs were sold elsewhere, probably a good portion of Lindsay area furs going to such posts as the Hudson Bay at Orillia where Thomas Goffat was the manager from 1862-1877. It was during this era, that Rice Lake muskrats gained their reputation, the quality of their pelts was such that they were used as a standard of excellence for many decades afterward. The trapping season in the pre-1890 period was from November 1st to May 1st.

The first step in fur management came as a result of the Ontario Fish and Game Commission appointment in 1890. By 1892 a set of laws for the protection of furbearers was created and seasons were established for most of the important species. During 1907 an Act entitled "An Act respecting game, furbearing animals and fisheries of Ontario" was introduced to reduce the alarming incidence of illegal trapping of beaver and otter in the

vicinity of lumber camps. Mink at this time were also considered in need of some protection. By 1915 trappers were suggesting that they be licensed but that farmers and their sons be exempted.

An open season for beaver and otter was recommended in the face of population increases.

The nuisance beaver was already in public focus since this furbearer was causing serious damage to private property and public roads.

For the first time in twenty years open seasons were declared for beaver and otter and trapping licenses were established by amendments to the Act.

In 1918 the fur market was described "good" and the prices were high. Probably as a reflection of this, the populations of otter, fisher and marten were described as greatly reduced in the 1921 report of the Game & Fisheries Dept. Beaver, however were reported abundant and muskrats increasing.

By 1923 the bubble had

burst and the fur trade experienced a depression. Fewer trappers, pelt and dealers licences were aken out than in previous years.

In 1924 the Department's annual report stated that beaver were declining rapidly, muskrats were steady, otters were scarce while mink were increasing.

In 1927 declining beaver populations were still being reported; other furbearers and their status were fisher-increasing, fox-declining, lynx-increasing, marten-scarce, mink-decreasing, muskrat-increasing, otter-declining, raccoon declining, and skunk-declining.

Since 1946 trapline management in the province has undergone many changes. The most significant development has been the establishment of the regist-

ered trapline system in many parts of the province. A registered trapper is now able to tend to a zoned area secure in the knowledge that it is his to operate, maintain police and management.

Resident trappers in the southern part of the province while not so fortunate are licensed to trap on private lands after they have obtained written permission from the landowner. As a rule open seasons have become more liberal in recent years and have been geared to the fluctuations of furbearing populations.

Worthy of note is the tremendous increase in beaver, in late years, nuisance beaver problems have become increasingly numerous. Fisher, marten, and lynx have also shown corresponding increases, as a result of better and careful trapline management in the province.

IN

Snowdon, Dec. 23

There is more art, theatre and music in our province than in many nations.

This is what Ontario is doing to help you get involved in it.

An artist residing in your community working with senior citizens and children.

A beautiful low cost print by an award-winning Ontario artist in your living room.

Impossible dreams? Not at all. Through the Ontario Arts Council, all these dreams could come true, no matter where you live in the province. For the Ontario Arts Council's purpose is to make sure that all the people of our province share in Ontario's cultural riches.

Over 500 Ontario arts attractions are ready, willing and able to visit your com-

munity. They're described in a colourful Ontario Arts Council catalogue entitled "ONTOUR". And, through the Touring Arts Fund, the Ontario Arts Council can help sponsors with the fees for touring groups in visiting your community.

More than 100 musical, theatrical, dance and crafts groups are available to Ontario elementary and secondary schools. The repertory is presented in the brochure "artslist".

Outstanding creative artists want to visit the classrooms of the province, so that all Ontario youngsters may be exposed to the creating of painting, pottery, composing, photography, playwriting, sculpting, weaving, poetry, puppetry, ceramics and many other art forms. This program is described in a booklet called "Creative Artists in Schools".

Canada Safty Council

Drive like you'd like others to drive

This is the moto that was adapted by Canada Safety council for safe driving week December 1st to 7th. To drive like you'd like everyone else to drive, your car must be equipped for Old Man Winter, here are a few hints:

BRAKES: must be faultless and equalized so there is no pulling to one side with a resulting skidd and possibly an accident.

EXHAUST SYSTEM: The muffler and tail pipe system should be checked for leaks to prevent deadly carbon monoxide gas poisoning.

TIRES: Snow tires increase traction on winter roads.

WINDSHIELD WIPERS: Should be checked for proper tension and anti-freeze added to the washers.

BATTERY: Battery power declines in cold weather. Have your battery checked and replaced if necessary.

HEATERS AND DEFROSTERS: Should be checked to see they are operational.

At this festive time of year the Canada Safety council would like to remind us that the social drinker is one of the leading causes of traffic accidents in Canada.

Alcohol is involved in approximately 50% of the fatal automobile accidents which occur in Canada. There are some 6,200 deaths and 215,000 reported injuries in traffic accidents yearly.

If you don't want to be one of these statistics, please do not drink and drive.

Minden News

Sincere sympathy to the family and friends of the late Clayton Rogers whose funeral was held early this week.

At the weekly mini card party at the Parish Hall last Thursday afternoon winners were for euchre, Alice Clark and May Wright; for bridge, Ann Rockory and for cribbage, Isobel Bingham and Ethel Leigh.

Another very lucky young lady, Karen Arbuthnot, won twice at Rotary Bingo, winning the first Snowball of \$78 in 18 numbers and the jackpot of \$250 in 59 numbers called. This Thursday will be Rotary's Turkey Bingo.

All their friends send good wishes to these people in hospitals, Mrs Cecil Irwin at Womens College Hospital, Toronto; Dennis Trepanier at Civic Hospital, and to Mrs

Garnet Stevenson and Mrs Dave Stamp in the local hospital.

Mrs Bruce Mason has closed up her home and left to live at Apsley, we will miss you Grace.

Many people took advantage of the 10 percent sale at Cox Apparel last Saturday afternoon and enjoyed a cup of coffee.

The Anglican Church Tea Bazaar had a lovely holiday setting and a large crowd quickly bought up the home-made goodies or the home-made gifts. There was a raffle on the Christmas Centre and winner of this was Sandra Sears.

While in out-of-town places people were shoveling snow, one resident of our village was out seeding his lawn which was bare of snow at that time, on the weekend.

Living was
never better.

Bruce Mason Homestead

The homestead located on the Peterson Road in the Maple Lake Area was where he spent his early teens. In 1920 he decided to take up guiding; there was no demand for this service in the home area. He spent several years in Temagami, some of this time with the Hudson Bay Company and also spent a few months on the Ferguson Highway, now known as #11.

During the early part of the thirties he worked in the tobacco fields in south-western Ontario. In the fall of 1932 and during that winter with help of a chum of former years, he built a canoe with the plan of paddling to Moosonee and Moose Factory. The follow-

ing late spring, equipped with the necessities for light travelling, they launched the canoe at Little Mud Lake, the closest lake to their home. From there they travelled to Kennises Lake, through Algonquin Park to the Ottawa River, Lake Temiskaming to the height of land, then down the Abitibi to where it merges with Moose River, which empties into James Bay.

They arrived early in the day at Moosonee, later visiting Moose Factory located on one of the islands.

After a good night's rest they launched their canoe once again and were homeward bound.

After paddling for several days against the current they decided to sell the canoe and boarded the train for the balance of the trip. The desire to travel was still very strong and he made a total of nine trips to the western provinces.

The winters were usually spent in the lumber camps in the home area. After 40

years he re-visited Moosonee and Moose Factory and found many changes. He settled in the boyhood area, later moving to Minden overlooking Gull River. He died November 16 in his 73rd year. He made the logging project with High School students come to life with his interesting tales of the days of the loggers.

Another item of interest was that he carved by hand the model sleigh, horses and logs for Minden's Centennial.

Trapping Tales

By Elmer Sawyer

Nearly everywhere that Murray and I went last summer in the Park, a memory came back. Murray was anxious to hear the tales, and I told him that while trappers were never liars, they were a little bit careless with the truth sometimes. He asked about my brother, Ross.

Ross is a year older than I am, and will be 78 next month. He married the late Della Deacon, and they had five children, two of whom are deceased. Ross, didn't get his education in school, but he is highly respected for his knowledge and skill in the bush.

The Park boundary was not marked off like it is today, and it was easy to get over the line. I believe this was good because when the trappers quit the Park, you could see thousands of fur-bearing animals, and you would rarely see one now.

Like the rest of us, Ross saw some hard times making a living for his family. One year, Ross and his wife, Della, made a tent for the fall trip. They oiled it with linseed oil and Comfort soap, and Ross got a new pair of shoe packs. Well, the weather was rough that year, and when Ross returned, his wife said, "How was the tent?" "Oh, that damned tent," Ross replied. "It kept out the big leaves, that's all." "And the shoe packs?" she asked. "One month, and I had to put birch bark in for insoles."

One spring Ross and I went trapping. The weather was beautiful, and the birds were singing. Everything was on the move, even the Rangers. In a day or two, Ross said, "That woodpecker is calling for rain. I think we had better make camp." So with birch bark we made bedding for the tent. It rained for four days. Setting some traps on the way, we went on to Brown's Lake where we camped on the west side. As usual, I got

up at 4:15 and got the tea pail on. Whatever our hardships were, there was no worry about polluted water. I made some campers with flour, baking powder, salt and water, and fried these biscuits in a little beaver grease. All the while I noticed that the loons were very noisy over on Marsh Lake. Ross said, "Don't worry, it's likely a moose or a deer swimming the lake."

After breakfast, we went across Brown's Lake to Wee Wee, then down the creek to Marsh Lake where we had three traps on the lake and two out on an island. We went to the first trap; it was turned over and snapped. The next one, the same thing. The third one, the same. Then we came upon a canoe with three paddles in it. Although it had rained all night, there was no water in the canoe, and there was no doubt that we were in the wrong place. Slipping away out of sight, we knew we should have listened to what the loons were trying to say.

We hid our canoe and walked for the rest of the trip. In four days we got 25 beaver and one otter. Ross said that if I would stay and stretch the fur, he would go and pick up the rest of the traps which we had left. He left about six in the morning and got back in the late afternoon, but the Rangers had better luck than Ross. There were no traps left. Since the hospitality was so poor here, we got the canoe and loaded up. We hit the old Caydge Road. This is a road that the lumbermen used when the Brinning Lumber Company had a set of camps on the southwest end of Moose Lake around 1908. We started off well after dark for the north end of Hood's Lake where we were to meet Dad and Pete that weekend. Hood's Lake is just outside of the Park. We told Dad our story, and he said "Too bad to lose the traps, but you did the right

thing. See that you don't lose any of the fur." We had some 50 beaver and five otter by now.

Many lakes empty into the East River so we knew it was going to be dangerous to travel by day. There is Mink Lake on the south, Harry Lake near the middle, Moose Lake on the north, and many small lakes as well. We followed Camp Lake and Oxtongue River up to Rat Lake and South Creek, Fletcher and Hollow Lakes, Minden Bay, Raven Lake and out to Hawk Lake to a big swamp where we hung our fur up in a tree. A friend, Mr. Thompson, met us and warned us that the game wardens were watching for us. Just so they wouldn't be disappointed, Ross and I got some bags

from Mr. Thompson and filled them with straw and walked into the trap.

On another trip, Ross and I were paddling down Ragged Lake Creek where the Rangers had a cabin. Ross wanted to paddle over to see if anyone was around. We didn't hit the shore until someone said "Goodnight boys." We knew we were in the wrong place and took off. Someone said, "Stop, or I'll shoot." (Dad would have said, "If you do boys, this will be a lively spot."). But we kept on going, and they soon lost us. We stayed still and listened to their plans, and then left by the northwest corner of Ragged Lake and carried over to Smoke Lake. Their plan went as scheduled. A net was put across the railroad bridge strung from one pier to the other at Joe Lake. One man hid on the bridge and was to fire a shot for reinforcements when we

came out. This was a clever plan and had only one snag as far as Ross and I could see. We had no intention of showing up for the party. Some time later Billy Russell and Alf Allcorn came along. The Ranger fired the

shot, but by this time his helpers, thinking we had gone another way, had become disillusioned and had left. Alf and Bill pulled the net down. Their canoe went over it, and they paddled on.

THANK YOU

I would like to take this opportunity of thanking those who voted me in for another two year term. Special thanks to the one's who helped so much.

Wishing everyone a Merry Christmas and a Happy New Year.

News from Carnarvon

Congratulations to Mr and Mrs Clifford Archer of London on the birth of their son, another grandchild for Mr and Mrs Stan Archer.

Mrs L. Vass, sister of Mr Jack Gregory is visiting with the Gregory's. Mrs Vass lives in Bowmanville.

A very lovely evening was spent in the C E Bldg. last night, as the Carnarvon U.C.W. was the hostesses to several of the other groups from other churches. There were about 80 visitors in all, ladies from Halls Lake, Ingoldsby, Maple Lake, Minden and Haliburton. Some of the ladies read the Christmas story, and we all had a small candle to light, and we also sang many of the Christmas carols. The

Carnarvon U C W served a lovely lunch and it was a very enjoyable evening. It was a nice way to share our Christmas meeting with all the other ladies.

Our deepest sympathy is extended to Mrs John Broderick in the death of her husband John. They were in

Florida and Mr Broderick was buried in Windsor, Ont. The Brodericks are regular residents of Carnarvon and have their home on Halls Lake.

Mr Tom Redner is out of the hospital and is staying with Mr and Mrs Jack

Redner, and Bradley and Caroline and their family are now living in Mr Tom Redner's home.

Moss and Betty Davis had a week's holiday in Toronto visiting with their son Brian and family, also visiting with other friends.

Gems of Truth

"And straightway he preached Christ in the synagogues, that He is the Son of God." Acts 9:20.

What a glorious proclamation! Saul knew that Jesus was "the Son of God", for he had just seen Him in the Glory. Had he not been the witness to a marvelous revelation, Saul could never have had such a convincing testimony. The experience was real, but he did not dwell on experience or vision but on the person, Christ. This was infinitely much greater and worthwhile and important, "that He is the Son of God".

Not a word about religion, ritualism, culture, ethics, reformation or "social service". Neither did Saul make Jesus a great teacher, a good man or the "way-shower". He could not honestly proclaim Him as such simply because he knew Him to be much more than that. To Saul, Jesus was none other than "the true Son of God".

How else could themad persecutor of the Church describe Him who he had hated to the death? Such a complete reversal of his former opinion of the troublesome Nazarene was the result of the One who met and stopped him on the Damascus road. The mighty champion of Judaism was now the champion of the very cause he had determined to exterminate.

One can easily imagine the sensation that ran through the audiences in those synagogues where Saul went delivering his new found message. The celebrated Pharisee and persecutor was preaching the Christ he had so bitterly denounced and hated. Saul had always been sincere, extremely so, but he had been wrong. Now he was just as earnest and sincere but he had Truth. Jehovah God in mercy had reached down and lifted the scale from his eyes. He had seen the Christ, the Eternal Son of God and believing Him to be such he could do no less than renounce all former ideas and proclaim exactly what revelation had brought to him. Reason must take a back seat, God had spoken in no uncertain way.

The Scriptures are laden with truth regarding Christ, which are so profound and deep that its meaning is beyond the apprehension of the human intellect. Only faith can lay hold of it. God says it, I believe it and that settles it is the true Christian method of receiving truth. All around us are mysteries which the most brainy and learned men cannot understand and explain. Why should one stumble at the revelation that Saul received that Jesus is none other than God. 1 Timothy 3:16.

Saul preached that Jesus was nothing less than Deity. True Christianity is founded upon the Person of its Founder, the Lord Jesus Christ, who is the revelation of Jehovah God Himself. John 1:18. Jesus stated it plainly in John 14:9. "He that hath seen me hath seen the Father"

NOTICE

NOTICE of application to The Ontario Municipal Board by the Corporation of the Townships of Anson, Hindon and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden intends to apply to The Ontario Municipal Board pursuant to the Provisions of Section 35 of The Planning Act for approval of By-law 74-25 passed on the 10th day of July, 1974. Provisions of the by-law are furnished herewith.

By-law 74-25 being a by-law to amend by-law 14-67 being the Restricted Area By-law, to correct section references in amending by-laws.

WHEREAS authority is granted under Section 35 of The Planning Act, R.S.O. 1970 subject to the approval of The Ontario Municipal Board to the Council of the Corporation of the Townships of Anson, Hindon and Minden to exercise such power.

THEREFORE the Municipal Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:

That the numbering sequence of By-law 14-67 be amended in the following manner as they apply in the amending by-laws to By-law 14-67.

1. That clause 4.13 as outlined in Amending By-laws 73-28 be amended to read as clause 4.16
2. That clause 4.14 as outlined in Amending By-law 74-14 be amended to read as clause 4.17
3. That clause 8.2 as outlined in Amending By-law 16-68 be amended to read as clause 8.3.
4. That Section 2 of Amending By-law 29-68 referring to Clause 8.2 be amended to refer to clause 8.3
5. That Clause 8.1 (F) as outlined in Amending By-law 72-20 be rescinded, having already been included in Amending By-law 29-68 as Clause 8.3.

READ a FIRST, SECOND and THIRD TIME and passed this 10th day of July, 1974.

Reeve

Clerk

ANY PERSON INTERESTED may within fourteen (14) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden notice of his objection to approval of said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may with fourteen (14) days after the date of this notice send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden, notice of his support of approval of the said by-law together with a request for such notice of hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS WILL BE DECEMBER 13th, 1974

DATED at the Townships of Anson, Hindon and Minden this 28th day of November, 1974.

Halls Lake News

Election excitement is prevalent everywhere it seems. About 116 voted at Maple Lake on Saturday where the second Advance Poll was held for the Township of Stanhope. Tourists are taking a lively interest in this particular election.

Mr. John N. Broderick, a resident of Hall's Lake for many years, passed away at Hollyday in Florida last Wednesday and will be buried in Windsor today at 2 p.m. The sympathy of this community goes out to his wife "Scotty" as she was known by her friends.

Mrs. Elsie Bursey spent the weekend in Toronto with friends.

Mr and Mrs Al Rawlins, Mrs Bursey and Mr and Mrs Leonard Stinson will be attending the wedding of Mr

Ken Rawlins to Miss Leslie Wadsworth on December 14 at Metropolitan United Church and Reception at the Inn on the Park, in Toronto. Ken is the only son of Mr and Mrs Al Rawlins.

A good turn-out at the Hyland Crest regular Auxiliary meeting last Monday was encouraging and a Spring Fashion Show is something we can look forward to at the Home. Members are busy Christmas Shopping for the Party for the residents and the financial results of the Bazaar and Boutique sales were most gratifying. New members were welcomed and it is nice to see men taking such an interest.

Miss Bonnie Stinson and Mr George Holliday spent

the weekend with her parents. Mount Forest is having snow so Hall's Lake was a change for them.

Club 35 members are planning a gala New Year's Eve Party and new decorations are being purchased and good food planned. It is hoped that all members will contact the Club Executive of their desire for tickets in advance so they will not be disappointed later on.

Leonard Stinson is recuperating after a trip to Peterborough Civic Hospital where he had his left shoulder treated. Friends and neighbours and Rev. Douglas Brown have been very good about visiting and telephoning to ask about his welfare.

A SINCERE THANK YOU

To the Voters in Ward II who supported me at the Polls on Monday, a special thank you to the many people who helped and encouraged me during the campaign.

I will serve Ward II to the best of my ability.

Wishing each and everyone a Merry Christmas and a Happy New Year.

In Memoriam

In loving memory of a dear husband and father Edward Francis who passed away Dec. 11, 1968.

Though his smile is gone forever And his hand we cannot touch Still we have so many memories Of the one we loved so much His memory is our keepsake With which we'll never part God has him in his keeping We have him in our hearts. Sadly missed by his wife Marjorie & family.

RANSON - In loving memory of a dear husband and father, Raymond, who passed away Dec. 10, 1972. As time unfolds another year Memories keep you ever near, Silent thoughts of times together Hold memories that will last forever. Sadly missed by wife Nellie and Sons, daughter-in-law Ruby and granddaughter Angela May.

Thank-You

I would like to thank, all those relatives, friends, Dr. Koval, the nurses at the Minden Hospital, staff at Hyland Crest, my neighbours and all those who showed their kindness during my recent bereavement in the loss of my beloved husband. Grace Mason.
